

# Ars-Sonum

## USA PRICE LIST 2019

### Filarmonia Stereo Integrated Amplifier

Amplifier Specifications:	Amplifier Features:
Output power: 2x28W RMS (8 Ohms). Input sensitivity: 300mV. Total harmonic distortion: 0.4% (20W RMS). Frequency range: 10Hz - 60KHz (-3dB). Signal/noise ratio: >90dB. Black faceplate standard Weight: 30lbs – Shipping Weight: 40lbs Dimensions (WxDxH): 14.25" by 12" by 7"	Three line-level inputs / one tape output. Tubes: 4 x E34L, 2 x 5814A, 1 x E88CC. Audiophile-grade passive parts and controls. Ars-Sonum designed hand wound output and power transformers. Polished Stainless Steel (nonmagnetic) chassis. Audiophile Grade Chassis Mount RCA Jacks V-Cap CuTf and Mundorf Supreme S/G/O Coupling Capacitors Completely new optimized circuit board and improved power supply

Filarmonia SM ----- \$5,250 (includes 2 year warranty, 30 days on tubes)

(\$500 deposit\* at time of order, balance of \$4,750 plus shipping due when amplifier is ready for delivery)

Price includes shipping (within the continental USA) from Signature Sound. Prices are subject to change (due to currency fluctuations).

\* Half (50%) of deposit is forfeited (not refunded) if order is cancelled within 8 weeks of date of order.

From the date of order, it takes approximately 6 to 8 weeks for delivery of Filarmonia Amplifiers.

**Black Front Plate is Standard - Silver or Gold are Special Order**

**Filarmonia Gold front plate**

**Filarmonia Silver front plate**

**Filarmonia Black front plate**

**Ars-Sonum products are exclusively sold/distributed in the USA by Signature Sound Hi-End Audio.**

To place or order or to ask a question, please contact:

Signature Sound, 8409B Shallowcreek Rd, Liverpool, NY 13090 USA

## Gran Filarmonia Stereo Integrated Amplifier

Amplifier Specifications:	Amplifier Features:
Output power: 2x60W RMS (8 Ohms). Up to 40Wpc in class A, less than 0.5% distortion Input sensitivity: 300mV Total harmonic distortion: 0.5% (40W RMS). Frequency range: 5Hz - 80KHz (-3dB). Signal/noise ratio: >90dB. Weight: 50lbs – Shipping Weight 60lbs Dimensions (WxDxH): 17.25" by 15" by 8.25"	Three line-level inputs one (buffered) preamplifier and tape output. Tubes: 8 x E34L, 2 x JAN 6189W, 2 x E88CC. Buffered Subwoofer output. Top grade audiophile wiring, connectors, and passive parts. ELMA precision rotary switch input selector. DACT 24-steps volume control. V-Cap CuTf and Mundorf Supreme S/G/O coupling capacitors. Ars-Sonum designed hand wound output and power transformers.

Gran Filarmonia SE\* ----- \$9,250 (includes 2 year warranty, 30 days on tubes)  
(\$1,000 deposit\*\* at time of order, balance of \$8,250 plus shipping due when amplifier is ready for delivery)

Price includes shipping (within the continental USA) from Signature Sound. Prices are subject to change (due to currency fluctuations).

\* Basic current version of the Gran Filarmonia Integrated Amplifier - Black is the only front plate option for this amplifier.

\*\* Half (50%) of deposit is forfeited (not refunded) if order is cancelled prior to delivery

From the date of order, it takes approximately 9 to 12 weeks for delivery of Gran Filarmonia Amplifiers.

## Gran Filarmonia Power Cord Options

The Filarmonia and Gran Filarmonia come with a generic (i.e. cheap) power cord. These amplifiers do respond positively to and it is recommended that a high quality power cord be used with your Ars-Sonum amplifier. So, we have listed some recommended power cords, *that when purchased with your Ars-Sonum amplifier*, are available at a special price:

Cardas Audio Clear Beyond 1.5M Power Cord: \$750 w/purchase (normally \$1,045 – recommend for Filarmonia)

Cardas Audio Clear Beyond XL 1.5m Power Cord: \$1,850 w/purchase (normally \$2,480 – recommended for Gran Filarmonia)

***Ars-Sonum***  
**ART FOR THE SOUND**  
**Handcrafted in Madrid, Spain**

**Ars-Sonum products are exclusively sold/distributed in the USA by Signature Sound Hi-End Audio.**
